

Project title: 21st Century European Classrooms: meeting the challenge of the digital era with creativity and innovation

Workshop Title: Future Classroom: Creativity and Innovation

Date: March 16th to March 20th 2015

Location: Promethean House, Lower Philips Road, Whitebirk Industrial Estate, Blackburn, Lancashire, BB1 5TH, United Kingdom

Accommodation: Mercure Dunkenhalgh Hotel, Clayton Le Moors, Blackburn.

Workshop overview: During this workshop we will create Future Classroom Scenarios that take into account the trends driving education and the level of innovation maturity in schools and classrooms. These scenarios will provide inspiration for designing learning activities that are supported by learning technologies. These learning activities and technologies will be trialled back in classrooms and refined in subsequent workshops to help finalise the Good Practice Notebook Chapter “Future Classrooms: Creativity and Innovation”.

Learning technologies: During the workshop we will use a range of technologies, including Promethean’s solutions. In order to get the most out of the workshop we request the following of each workshop participant;

- A laptop
- Registration in advance for ClassFlow . www.classflow.com see below
- Download ClassFlow Apps onto any mobile device you intend to bring to the training. see below
- Register for Promethean Planet www.prometheanplanet.com
- Download ActivInspire Software to your laptop, in local language. See below

Online Communities and Resource Portals: The materials for the workshop will be available online, although this site will not be live until March. We will also use a Box folder for file sharing during the workshops. Details on these and how to join available at February webinar or at the workshop.

Other pre workshop activities: This is still to be decided but you may be asked to collect some data in preparation for the identifying trends and self - review sessions. Also we may send a little background reading and ask you to be prepared to share an existing practice at the workshop.

Additional Notes

ClassFlow: If you are attending the ClassFlow workshop you may find it helpful to [register for a ClassFlow account](#) in advance of the workshop.

You may also be interested in finding out more about ClassFlow from the following;

ClassFlow Teacher and Student APPs

▼ ClassFlow Teacher App

ClassFlow Teacher is a free app available in the Apple App Store and Google Play Store.

With ClassFlow Teacher you get two options:

▶ **Connect as full Presenter:**

▶ **Connect as Remote:**

▼ ClassFlow Student App

ClassFlow Student is a free app available in the Apple App Store, Microsoft App Store and Google Play Store.

The app enables students to:

- Connect to a lesson.
 - Receive any content from the front-of-class display sent from the teacher.
 - Respond to standard poll and assessment questions (multiple-choice, true/false, short answer, etc.)
 - Respond to creative polls by taking pictures, making collages, labeling images, etc.
-

ActivInspire Software

[ActivInspire Software](#) can be downloaded from Promethean Planet in local language or English.

<http://support.prometheanplanet.com/server.php?show=nav.17010>

You will require a serial number for the full Professional version of the software. Here is a code that can be used for the workshop participants only. If you have Promethean equipment in your school you will already have a serial number to use. If not we can discuss this during the webinar or at the workshop.

Serial number: 0016- 8574-1871-2306-0455
